

Stance Equitec CoolEnergy®

Complete hemp feed for horses

- Low sugar and starch - safe for laminitic horses
- Good source of amino acids for muscle development
- Antioxidants and probiotic for gut support
- High fibre feed for condition maintenance

What is Cool Energy?

This feed is a high quality natural source of protein and fibre for all horses and ponies. Cool Energy contains hemp hulls and hemp flour, vitamins, minerals and a probiotic to support general wellbeing. It may help build muscle and topline as well as support gut, skin and coat health. Cool Energy is nutritionally balanced, making it a great base or additive feed.

Cool Energy is 100% grain free and contains less than 1% sugars and starch so it is safe to feed to laminitic prone, EMS and PPID horses and ponies.

Hemp is a quality source of protein containing all essential amino acids to assist with muscle integrity, development and recovery.

Cool Energy contains natural antioxidants, probiotic and fermentable fibres to promote a healthy gut microbiome.

Feeding Guidelines

Feed twice daily. Based on a 500kg horse. Adjust feeding rate to match your horse's requirements. Introduce gradually over 14 days.

Spelling horses:

Morning feed: 400g - 600g
Night feed: 400g - 600g

Light exercise horses:

Morning feed: 500g - 750g
Night feed: 500g - 750g

Moderate exercise horses:

Morning feed: 750g - 1kg
Night feed: 750g - 1kg

Heavy exercise horses:

Morning feed: 1kg - 1.25kg
Night feed: 1kg - 1.25kg

Safe for horses or ponies with metabolic issues. May contain traces of THC.

A 20kg Cool Energy bag will last a 500kg horse in light exercise 20 days.

Ingredients

Industrial hemp flour, hemp hulls, salt, Ananda Equine minerals, Yea-Sacc™ (yeast based probiotic)

Sizes Available

20kg
