

MagnaSol®

Herbal gel

- Topical application only
- May be used on skin and small wounds
- Support for muscles and tendons

What you need to know

Massaging MagnaSol into sore muscles may help to stimulate circulation, promote healing of bruises and injuries (such as joint damage and arthritis) and improve mobility. Ingredients such as Comfrey Leaf, Aloe Vera Juice and Curcuma Xanthorrhiza (turmeric) may also provide soothing, healing and anti-inflammatory benefits.

The inclusion of Tea Tree Oil and Red Iodine to MagnaSol may provide beneficial antiseptic properties for topical treatment of minor cuts, abrasions and wounds. Blended essential oils including Hypercium, Wintergreen, Arnica, Niaouli and Rosemary Camphor oil may also offer relief from pain and inflammation.

MagnaSol may also provide an analgesic effect which can last up to four hours (depending on type and severity of pain).

About MagnaSol®

MagnaSol is not a drug

The inclusion of Aloe Vera Juice may help **MagnaSol** to penetrate more deeply into muscles and joints.

The use of **MagnaSol** before chiropractic or other manipulation therapies may assist the horse to let down better, leading to a more successful treatment.

Directions for use

Massage a liberal amount into affected area for five minutes, twice daily.

For relief of soreness before an event, apply liberally and massage in well both six and three hours prior. Treat again after an event and then continue as directed on the label.

Ingredients

Fulvic acid, Liquid sea minerals, Glucosamine sulphate, Methsulfonylemethane (MSM), Essential oils, Curcuma xanthorrhiza, Iodine, Comfrey leaf extract, Aloe Vera juice

Sizes Available

200ml / 1Lt

Testimonial

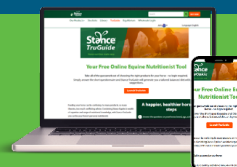

*“When I first purchased my Brumby he was so stiff on his right side that he would refuse to be lunged, or even turn, to the right. After mild level exercise his hind fetlocks became swollen and hot. I applied MagnaSol to the affected areas and within a few days of treatment the swollen joints had returned to normal and he began to walk and trot smoothly. I massage MagnaSol into the fetlocks and tendons every day after exercise. **After two months of using MagnaSol on my Brumby he can easily complete tight right turns and exercises he could not, and would not, previously perform. I have also applied MagnaSol to minor wounds and abrasions. The wounds heal up quickly and neatly.**” Emma*
